

Starter Guide

Please read this guide before operating this equipment. After you finish reading this guide, store it in a safe place for future reference. ENG

Set Up the Machine

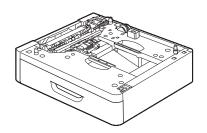

Unless otherwise mentioned, illustrations used in this manual are those taken when no optional equipment is attached to the MF6580, and also the menus described in this manual are based on the model MF6580.

Depending on the model of your machine, some settings may not be available and the number on the top of each menu may vary.

Install Toner Cartridge

hot during use.

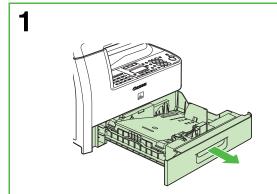

3

Remove the seals (2 places).

close. Open the cover and make sure the toner

cartridge is properly set in the machine.

Load Paper

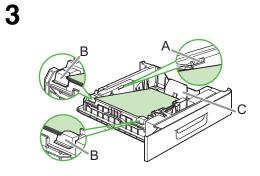

Pull out the paper cassette until it stops.

2

Even the edges of the paper stack.

Load the paper stack print side up.

Make sure the back edge of the paper stack touches the rear paper end guide (C), the paper stack should not exceed the load limit mark (A), and the load is under the hooks (B) on the paper guides.

4

Gently insert the paper cassette as far as it will go.

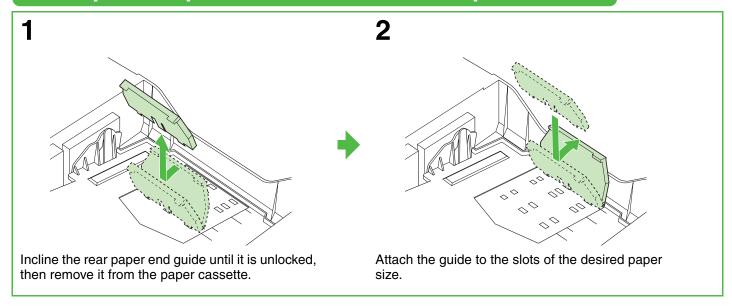

Be careful not to get your fingers caught.

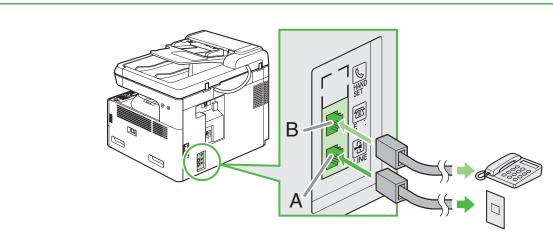

For loading paper in the multi-purpose tray, see Chapter 3, "Print Media," in the Basic Guide.

Set Up the Paper Cassette to Fit the Paper Size

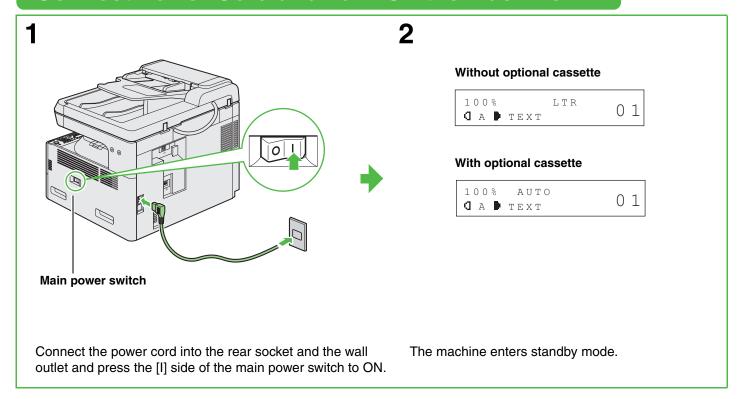

Connect Telephone Cables (MF6550/MF6560/MF6580 Only)

Connect the supplied telephone cable to the line jack (A) and the wall jack. Connect your external telephone to the external device jack (B) if required.

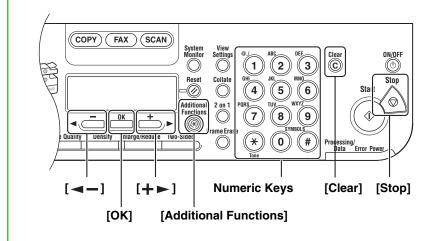

Connect Power Cord and Turn On the Machine

What if...

- ◆ <CLOSE COVER LEFT COVER> is displayed: Make sure that the left cover is closed properly. (See "Install Toner Cartridge," on p. 3.)
- ◆ <TONER IS NOT SET INSTALL TONER> is displayed: Make sure that the toner cartridge is installed properly. (See "Install Toner Cartridge," on p. 3.)

Set the Date and Time

- Entering Information
- Numeric keys: Enter letters and numbers.
- [◄-] and [+►]: Move the cursor position.
- [Clear]: Deletes the character at the cursor position, or the entire entry if held for more than one second.

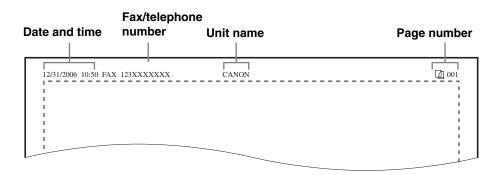

- 1 Press [Additional Functions].
- 2 Use [◄–] or [+►] to select <6. TIMER SETTINGS>, then press [OK].

Set the Receive Mode

Installing/Uninstalling Software

Installation Procedure

Before Installation:

- Do not connect the USB cable before installing the software. If you connect the USB cable before installing the software and the Found New Hardware Wizard screen appears, click [Cancel].
- For Windows 2000/XP/Server 2003, logon as Administrator to install the software.
- Make sure the machine is turned on before connecting the USB cable.
- On the screen shown at each step, click on the circled button to proceed.

System Requirements

Microsoft Windows 98/98SE

CPU: Intel Pentium/66 MHz or faster Memory: 128 MB or more

Available Hard Disk Space: 460 MB or more

Microsoft Windows Me

CPU: Intel Pentium/150 MHz or faster Memory: 128 MB or more Available Hard Disk Space: 460 MB or more

Microsoft Windows 2000

CPU: Intel Pentium/133 MHz or faster Memory: 128 MB or more Available Hard Disk Space: 460 MB or more

Microsoft Windows XP (32-bit version)

CPU: Intel Pentium/Celeron series 233 MHz or faster Memory: 128 MB or more Available Hard Disk Space: 460 MB or

Microsoft Windows Server 2003 (32-bit version)*

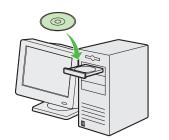

CPU: Intel Pentium/Celeron series

133 MHz or faster Memory: 128 MB or more Available Hard Disk Space: 460 MB or

more

* Only for network connection.

Uninstallation Procedure

Before you remove the driver, make sure of the following:

- You have the installation software available for installation.
- No application is running on your computer.

- To uninstall the software in Windows 2000/XP/Server 2003, you must be the user with administrative privileges.
- When removing the software, first remove the MF Toolbox, and then the MF drivers.

Removing the MF Toolbox

1 Click [start] on the Windows task bar \rightarrow [(All) Programs] \rightarrow [Canon] \rightarrow [MF Toolbox 4.9] \rightarrow [Toolbox Uninstall].

program selection screen is displayed, check [Remove], then click [Next >]. If asked to confirm removal of an application etc., click [OK]. Restart your computer if asked to do so.

3 Click [Exit].

Removing the MF Drivers

1 Click [start] on the Windows task bar → [(All) Programs] \rightarrow [Canon] \rightarrow [MF6500 Series] → [Uninstall Drivers].

The [MF Drivers Uninstaller] dialog box appears.

2 Click [Delete].

3 Click [Yes].

Uninstallation proceeds automatically and next dialog box appears.

4 Click [Exit].

M NOTE

Restart your computer if asked to

Bundled on the User Software CD

When you install the following programs, click on the [Additional Software Programs] button in step 2 of "Installation Procedure – For USB Connection" or in step 2 of "Installation Procedure – For Network Connection – Install Software," then follow the instructions that appear on the screen.

Canon Cover Sheet Editor

The Canon Cover Sheet Editor enables you to create original fax cover sheet templates for use with Canon fax driver. For details, see the online help for this program.

NetSpot Device Installer (NSDI)

NetSpot Device Installer enables you to set up the machine for network operations. For details, see the Readme file and online help for this program.

Using Help

The user software CD includes programs (driver software and application software) which the supplied instruction guides do not cover. When you utilize such programs, refer to online help and context sensitive help following the instructions below.

Online Help

You can locate additional help in the online help file provided with the driver software. In the [Properties] dialog box, you can click [Help] to display information about every feature and option in the drivers.

In the help dialog box, you can click [Contents], then double-click your desired title to display information.

In the help dialog box, you can click [Index], then double-click your desired keyword in the list to display information. To search the desired keyword quickly, enter a keyword in the upper text box. The nearest keyword is located in the list below.

Context Sensitive Help

Context sensitive help displays an explanation of each item in the current dialog box. Use one of the following methods to show context sensitive help.

- Click (Help) in the title bar of the dialog box → click the desired item.
- Right-click the desired item → select
 [What's this?]
- Select the desired item → press [F1]

Contacting Service Center

If you have a problem with your machine and you cannot solve it by referring to the manuals, please contact our Canon Authorized Service Facilities or the Canon Customer Care Center at 1-800-828-4040 between the hours of 8:00 A.M. to 8:00 P.M. EST Monday through Friday and 10:00 A.M. to 8:00 P.M. on Saturday.
